INTRODUCTION

DERGHAM General Contracting is on the belief of integrity, engineering talent, and dedication to our customer makes us one of the best in the industry. Our goal is to deliver superior quality professional services to our customers with more than six years of experience. Our success and reputation in the marketplace makes us a trustworthy and reliable company armed with state of the art technology, latest machinery & the very best management skills destined to become a global leader.

Dergham General Contracting (DGC) Group is a 100% Saudi-owned establishment, highly qualified team of Engineers and Managers. We are proud to partner with such prestigious clients as SCECO (SCECO Vendor ID: VD010718) and Saudi Aramco (Vendor ID: 10052986). Located in Dammam, Eastern Province, DGC Group is able to undertake a variety of technical and commercial activities in the Kingdom of Saudi Arabia

VISION & MISSION

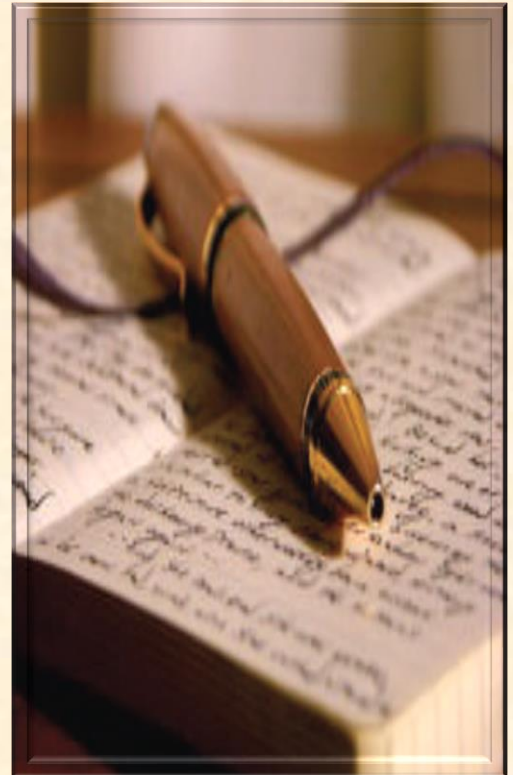

Our vision is to create a better every day life and to build a successful future

The mission of Dergham is to build our reputation for integrity, excellence, experience and leadership as the nation's finest contracting company by:

- Continuously improving the quality of our work and services.
- Constantly striving to exceed each client's expectations.
- Maintaining our dedication to the highest moral principles.
- Providing our people with a challenging, secure and safe environment in which to achieve personal career goals.

Our objective is to enable our clients to exceed their goals and maximize their profits.

We will help them quickly and efficiently complete their projects while bringing a new standard of performance, quality and reliability to the Kingdom. We will provide peace of mind with the assurance of the highest in quality and standards, and a commitment to the development of the next generation of leaders in our industry.

Strength and Stability

Our management structure reveals the continued dedication to people. Our Staff continues to be developed and promoted from within, and their average years of service with the firm, sets the standard.

- **Safety:**

Safety is our main concern on every project. We strictly adhere to a zero hazard, comfortable environment and maintain proper housekeeping on every job site. We value our people and the equipment and property of our clients.

- **Quality:**

Our quality work is our legacy. We deliver every project to meet or exceed our clients' exacting standards and specifications, with the highest caliber products and services.

- **Scheduling:**

Skillful scheduling is important not only to avoid penalties and keep costs low but to keep our reputation as the best.

- **Cost:**

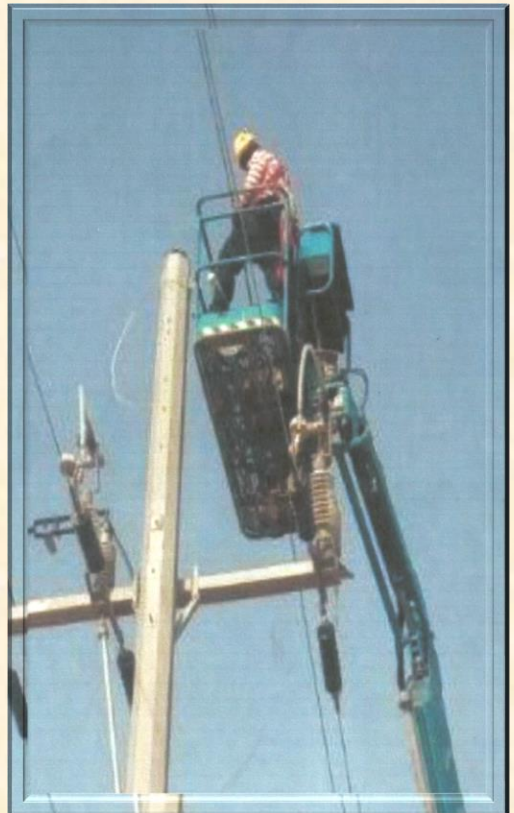

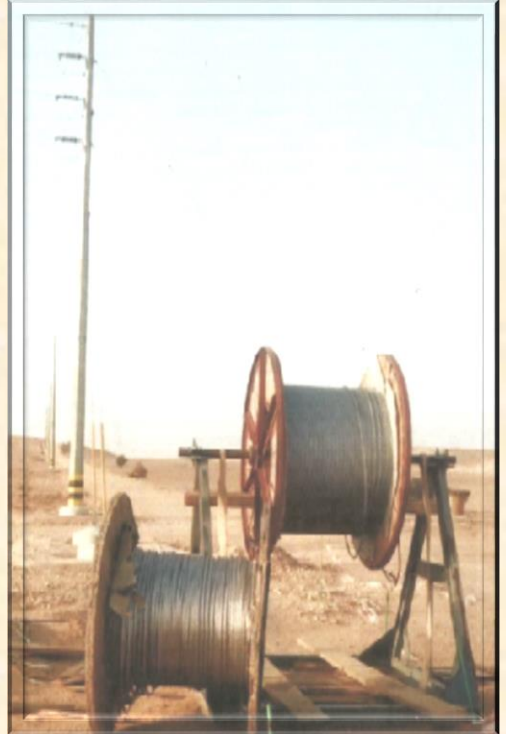

Our extensive network of suppliers, distributors and expertise enables us to minimize costs to our customers while maintaining our high standards for quality and safety.

Profile

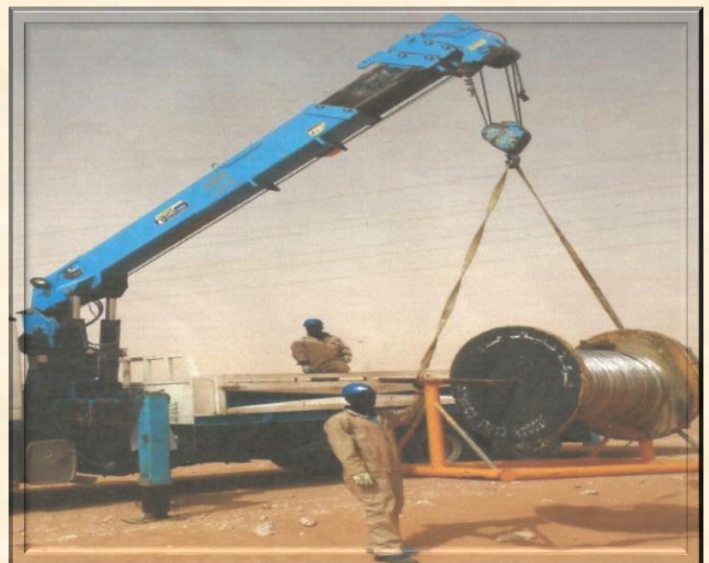

Dergham is a dynamic and professionally managed organization having business interests throughout the Kingdom of Saudi Arabia in the field of Contracting, Construction & Engineering, and our philosophy is to efficiently market our services with good quality in order to sustain a long term business relationship with our suppliers, customers and end-users.

Our main asset is our credibility and excellent reputation that we gained over the years in the market. Since the start we have been continuously working hard to stand firmly and have attained a unique identity for our self in this field. We are trying and have been successful in fulfilling our commitment to our self and our customers in providing and maintaining high standards. We make sure that the products and the services we deal in were of good quality and reliability. Our activities are certified for the quality and performance and our customer's peace of mind.

LOCATION MAP

Manpower

Dergham Co. has several years' experience in the Saudi business market. We are well-known for supplying professional & skilled personals. Our Manpower Division caters to the increasing and complex requirements of Saudi Arabia's regulations in the contracting sector. At present, we have the following categories.

Office Department

- President
- General Manager
- Project Manager
- Construction Manager
- Commercial Manager
- Accounting personnel
- Draftsman
- Clerks
- Purchaser
- Project Schedule

Engineering Department

- Electrical Engineer
- Civil Engineer
- Surveyor
- Mechanical Engineer
- Structural Engineer
- Safety Engineer
- Procurement Engineer
- QA/QC Electrical
- QA/QC Civil
- QA/QC Supervisor
- Permit Receiver

SKILLED MANPOWER

- Electrical Foreman
- OHPL Lineman
- Cable splicer 1KVto 35 KV
- Electrician LV & HV

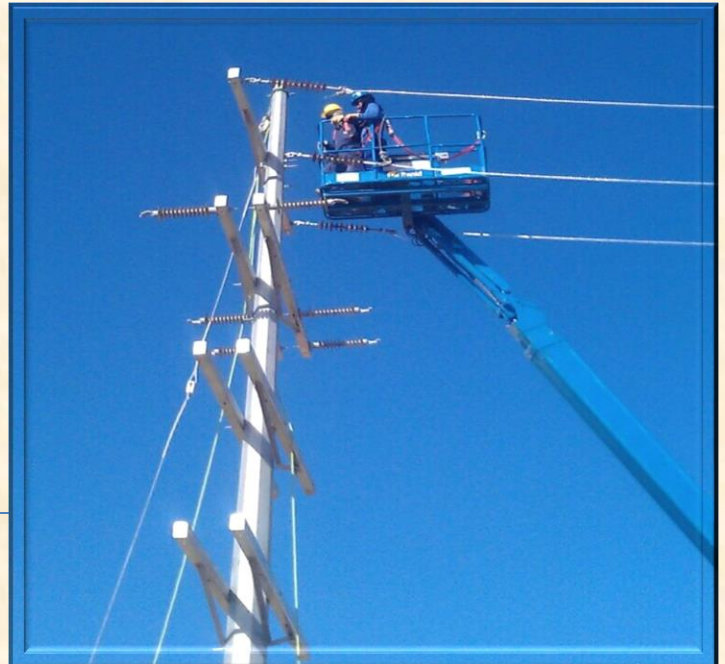

- Elect. Wire pulling Machine Operator
- Elect. Wire Tensioned Operator
- Civil/structural Foreman
- Plastering Mason
- Block Works Mason
- Tile Setter
- Carpenter
- Painter
- Heavy Equipment Operator
- Heavy Duty Driver
- Steel Fixer
- Plumber
- Pipe fitter
- Store Keeper

We are fully equipped for immediate supply of qualified, competent, experienced personnel from various nationalities. Our expertise in deployment of the right personnel at the right time brings us continued success in this competitive and growing economy.

As per Aramco/SEC/ SABIC Standard Procedure

- Dergham. CO undertakes construction of asphalt road, marl road, excavation concreting of any kind of foundation, backfilling, compaction and site preparation.
- Installation of security fence either cyclone wire or precast concrete wall with security CCTV camera.

COMPLETED ELECTRICAL PROJECTS

CLIENT: ARAMCO NORTHERN AREA
SUBCONTRACT TO: MACE CO.

PROJECT SCOPE:

CONSTRUCTION / INSTALLATION OF NON METALIC FIBER OPTIC CABLE (DIRECT BURIED OR DUCT BANK CROSSING THE ROAD USING HORIZONTAL DRILLING MACHINE) FROM WELL HEAD TO WELL HEAD TO OPERATIONAL CONTROL BUILDING.

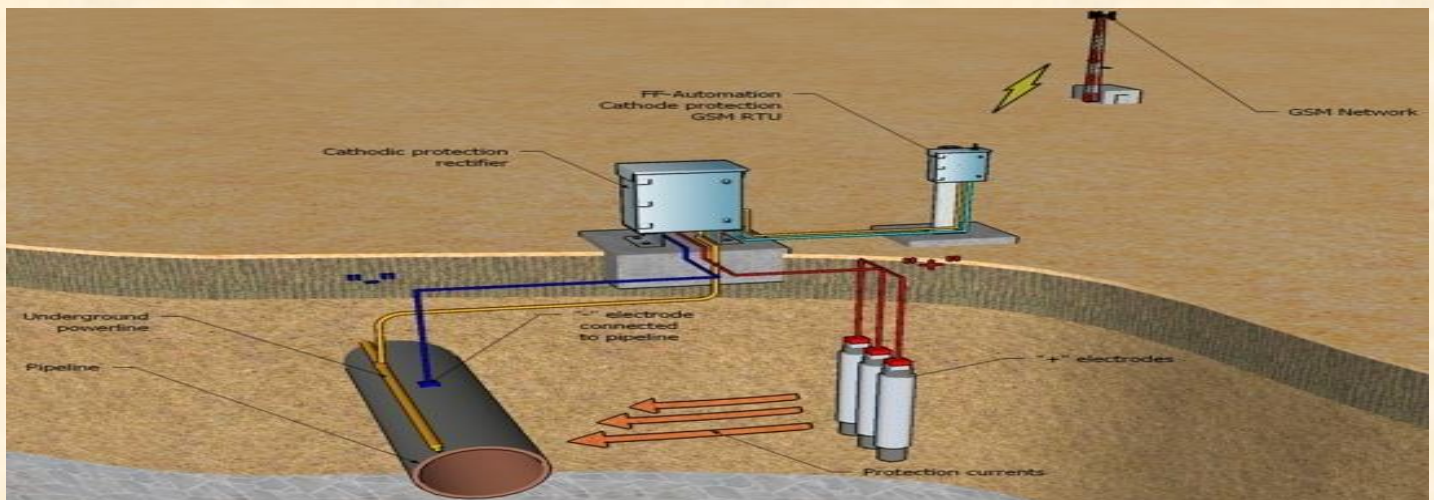

LOCATION: KHURSANIYAH AND FADHILI AREA

QUANTITY OF WORK: 26 KM NMFOC UG

CLIENT: ARAMCO NORTHERN AREA Cathodic Protection
SUBCONTRACT TO: MAGE CO.

PROJECT SCOPE:

CONSTRUCTION / INSTALLATION OF CATHODIC PROTECTION SYSTEM , DRILLING HOLE FOR ANODE BED , INSTALLATION OF ANODE AND BENTILATION PERFORATED PVC PIPE, BACKFILLING OF COOKE BREEZE USING SLURRY PUMP, INSTALLATION OF 20 TERMINAL POSITIVE JUNCTION BOX, 5 TERMINAL NEGATIVE SPLICE BOX, OIL TYPE OR AIR TYPE RECTIFIER TRANSFORMER WITH RMU, TESTING AND COMMISSIONING.

PROJECT SCOPE:

CONSTRUCTION / INSTALLATION OF OHPL POWER LINE 34.5 KV. WORKS INCLUDE MATERIAL PROCUREMENT, SURVEYING OF POLE LINE ROUTE, AUGERING OF POLE HOLE FOUNDATION, FABRICATION/INSTALLATION OF FORM WORK CASING AND REINFORCEMENT REBAR, POLE FRAMING, POLE ERRECTION, INSTALLATION, TESTING AND COMMISSIONING OF GROUNDING SYSTEM, INSTALLATION OF CUT OUT FUSE, LIGHTNING ARRESTER , LOAD BFREAK SWITCH, POLE MOUNTED TRANSFORMER, WIRE PULLING AND SAGGING , TESTING AND COMMISSIONING.

Contract Number	Location	Description	Date Start	Date Complete

CLIENT: ARAMCO

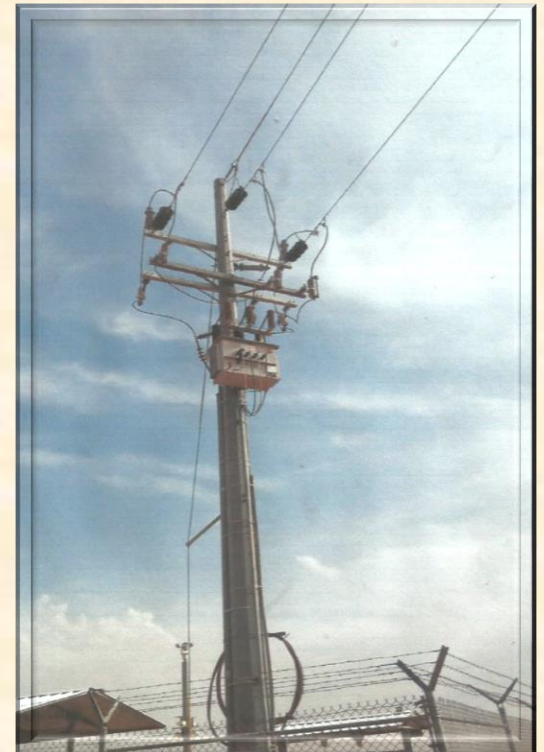

SUBCONTRACT to: KENTZ/ SNC LAVALIN CO LTD.

INSTALLATION OF OHPL 13.8KV UP TO 34.5 KV

PROJECT SCOPE:

CONSTRUCTION /INSTALLATION OF 13.8 KV AND 34.5KV

OVERHEAD POWER LINE AND UNDERGROUND CABLE, OPGW & NMFOC FIBEROPTIC CABLE, POLE MOUNTED /PAD MOUNTED TRANSFORMER, CIRCUIT BREAKER , CUT OUT FUSE , LOAD BREAK SWITCH OR DISCONNECTION SWITCH, LIGHTNING ARRESTER, GROUNDING SYSTEM, WIRE PULLING AND SAGGING. EXCAVATION / INSTALLATION OF HIGH VOLTAGE UNDER GROUND CABLE, IN DIRECT BURIED, DUCT BANK, OR ROAD CROSSING USING HORIZONTAL DRILLING MACHINE.

INSTALLATION OF CATHODIC PROTECTION SYSTEM

PROJECT SCOPE:

CONSTRUCTION / INSTALLATION OF CATHODIC PROTECTION SYSTEM , DRILLING HOLE FOR ANODE BED , INSTALLATION OF ANODE AND BENTILATION PERFORATED PVC PIPE, BACKFILLING OF COOKE BREEZE USING SLURRY PUMP, INSTALLATION OF 20 TERMINAL POSITIVE JUNCTION BOX, 5 TERMINAL NEGATIVE SPLICE BOX, OIL TYPE OR AIR TYPE RECTIFIER TRANSFORMER WITH RMU, TESTING AND COMMISSIONING

CONSTRUCTION WORKS

INSTALL ACCESS ROAD 2 METERS AWAY PARALEL TO OHPL POWER LINE AS PER ARAMCO STANDARD. SUBGRADING, BACKFILLING OF ARAMCO APPROVED MATERIALS AND COMPACTION AS PER ARAMCO STANDARD PROCEDURE.

INSTALLATION OF ARAMCO SECURITY FENCE:

FABRICATION / EXCAVATION / INSTALLATION OF FENCE FOUNDATION POST, INSTALLATION STRINGING OF CYCLONE WIRE, FABRICATION INSTALLATION OF SINGLE MAN GATE/ DOUBLE SWING GATE TYPE -3, 4 AND TYPE 5 FENCE AS PER ARAMCO STANDARD.

OUR CONSTRUCTION DIVISION

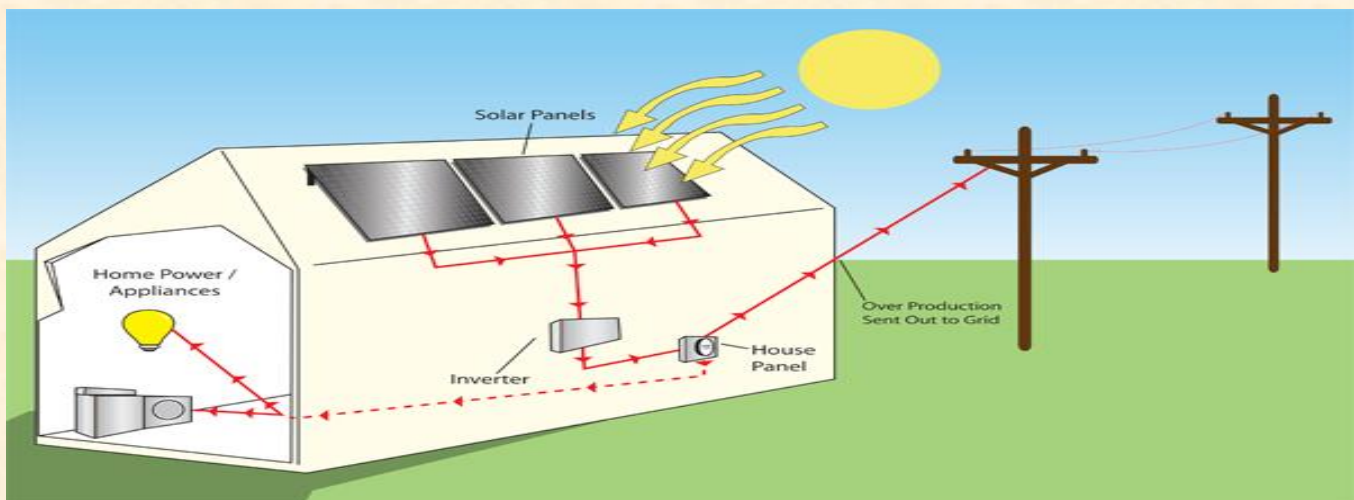

Our construction division is comprised of Highly Qualified, Well trained, Experienced and Competent Professionals with vision to make Dergham the leader in general constructing companies with an excellent reputation for quality, safety, scheduling and reliability. We never sacrifice quality of our work by using inferior material and poor workmanship. We always render undivided time, concentration & efforts as we personally and closely monitor the prosecution of every project.

Our services in region is well known for:

- Highly energy efficient
- Short construction times
- Dry building system (OSB, Granular/Resins)
- Immediate start of construction
- Green building with reduced energy consumption

Additional Option (Go Solar)

We also design pre installed solar panel buildings destined to reduce the cost of your electric consumption. Our highly professional and collaborative team of electrical & civil engineers can design pre installed solar panel buildings.

Completed Construction Projects

DERGHAM has significantly completed following construction projects with high level of appraisal from our clients

S.NO	Name of Project	Project Worth (SAR)	No of days
1	Al-Sarar School Building (Sarar)	1,483,527	240
2	Usman Bin Aas School (Dammam)	394,185	120
3	Renovation of Haris Bin Umair School	334,576	60
4	Kindergarten School in Dharan	293,020	120
5	Construction of Villa in Al- Dahya	1,300,000	180

Details of Projects Completed

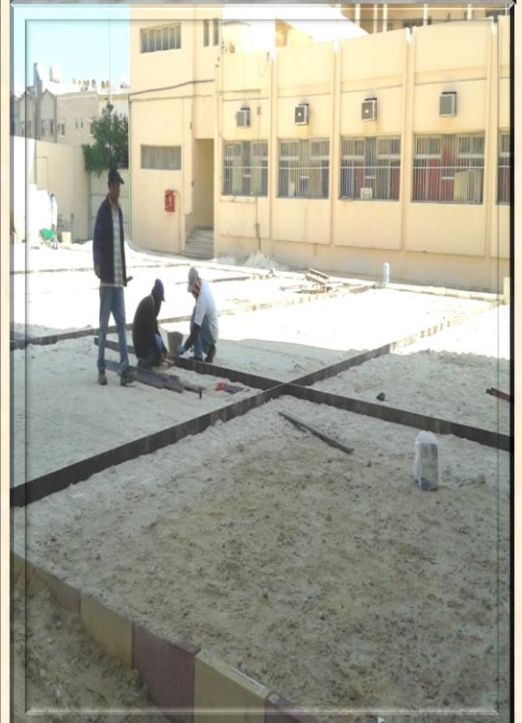

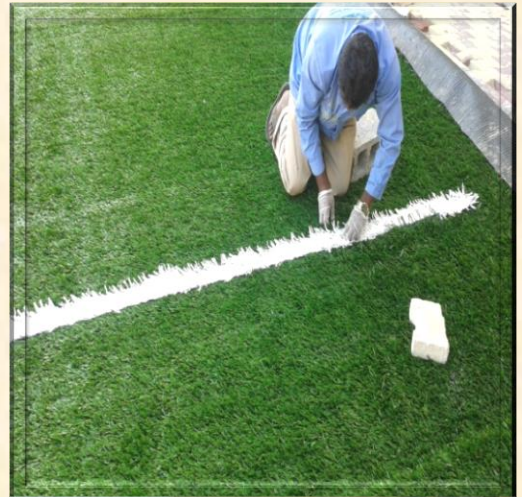

- **Complete construction of Al Sarrar School Building in Sarrar**

Single story building with 9 rooms, a football pitch Underground water tank and with help of our Electrical Engineering department increased the voltage capacity from 400 to 800 volts. Underground electric system. Complete construction till finishing.

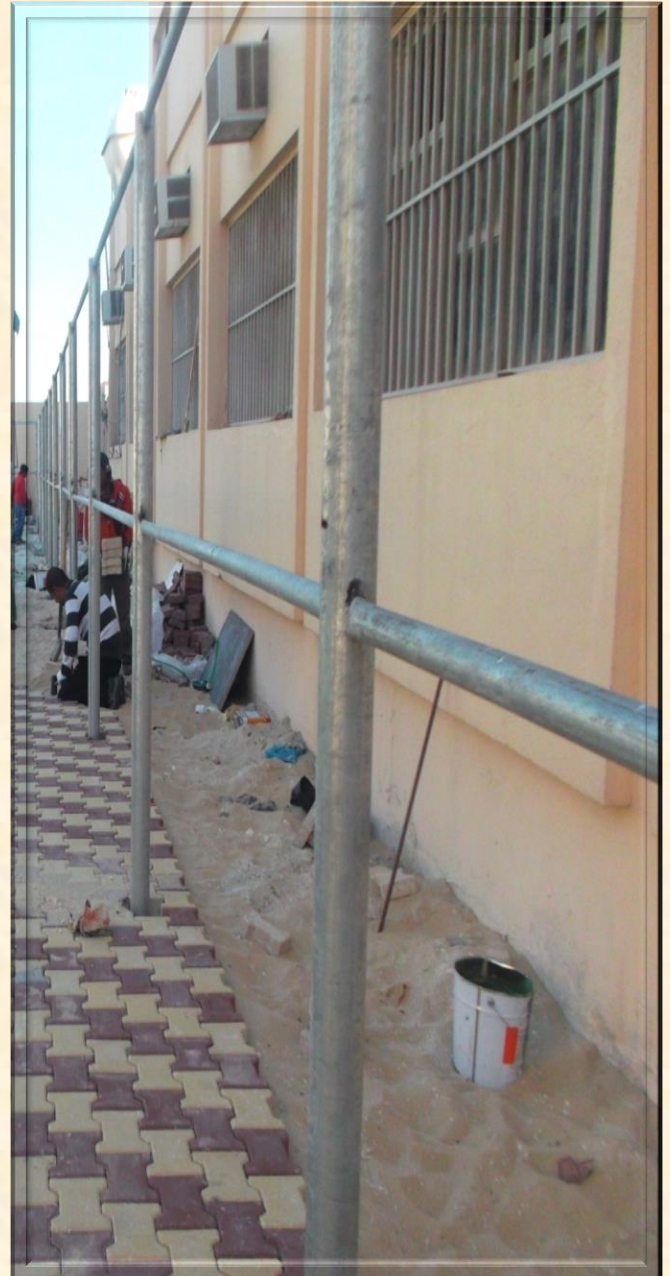

- **Complete Construction of of Usman Bin Al Aas School School Building Dammam**

This project included complete construction of three storied building with 22 rooms, along with a green football pitch. Building was designed with underground sewerage system along with fire alarm enabled designed from construction till finishing.

- **Renovation of Haris Bin Umair School in Nariah**

Our team of highly motivated engineers renovated the complete school building and installed cyclone fence along with concrete security wall. Fitting of fire alarm system and finishing were also part of project.

- **Complete construction of Kindergarten School in Dhahran**

This project included complete construction of school building, installation of fire alarm system and also asphalt road around the school. Building corridors, playground and finishing was also part of project.

- **Construction of Villa In Al Dahya**

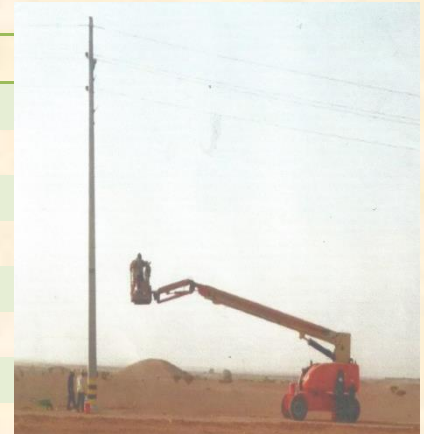

This project included construction of villa consisting seven bedrooms, 4 washrooms, sitting, dining and living room.

Villa was constructed with underground sewerage system and auto door parking slot. Complete construction of villa and finishing was done by Dergham.
